2. How can we turn this thing over?  
 Who has to make up their mind?  
 Raise your hand in a fist  
 You'll end up on a list  
 While the leaders go on with their war-crimes

And we're singing for peace . . .

3. Some take a stand as a witness to suffering  
 Do all they can to get in the way  
 Believe to the core in a world without war  
 And live to bring peace in our day

And we're singing for peace. . .
